PORTLAND 16, OREGON

WHOLESALE PRICE LIST Spring and Summer Season, 1955

TERMS: 25% downpayment with order; balance to be paid within 30 days after shipping date or 2% discount for cash on delivery. 6% interest may be charged after 30 days. Packing charges at cost of material. Customer pays freight charges. Prices are based upon present market conditions, and are subject to change at any time.

GRADE STANDARDS: Those adopted by the A. A. N. Association.

CLAIMS OR COMPLAINTS: We appreciate having reports on shipments as soon as they are received. We use all possible precaution in shipping but our responsibility ends upon delivery in good order to the carrier company.

FILLING OF ORDERS: We fill all orders as fast as possible but need at least two weeks notice ahead of time.

RHODODENDRONS

Field grown in peatmoss, budded, branched with excellent foliage. The varieties listed below are the selected best out of several hundred Hybrid species. We do not try to grow all of the different varieties as there are too many. Rhododendrons are measured by height but the spread of the plant is also considered in some varieties. For an example we have Pink Pearl in 18 to 24" height and we have Pink Pearl in 15 to 18" height but it has a spread of maybe 24"; this plant would go into an 18 to 24" grade. We try to give good measure on our plants and try to fill orders as specified by customers. It would be a good idea when placing your order if you would state if we could substitute an equally good variety in the same color in case we should be sold out. B & B.

Varities are classified as (A) Very hardy in sun; (B) Hardy, but need partial shade; and (C) Hardy in warm climates only.

GROUP 1

1—10 to 12"	\$2.15	4—18 to 21"	\$3.65	7—30 to 36"	\$5.15
2—12 to 15"	2.65	5—18 to 24"	4.15	8—36 to 40"	5.95
3—15 to 18"	3.15	6—24 to 30"	4.65
